Black body emissivity
Bode plot magnitude and direction
Labour act
Friense equation
Mc cabe equation
Intensive and extensive
Ore of metals

8. Dimension of mass transfer coefficient

9. Match no. is the ratio of

10. Trip valve is used for

11. Transfer function of PID Controller

12. PI controller ...... offset. a) eliminate b. Reduced c. Increase

13. Consumer Protection Act is implemented on

14. Formula of Sphericity

15. equipment of less efficient for dust collection

16. ...... is used to extract vegetable oil

17. Commercialization and standardization is done to ....

18. Which is not the type of Pencil

19. Synthetic fibres are produced by

20. If BCWS = 2 , ACWS 1.5 find SPI

1. Oxide use for fat splitting

2. 10 Mole of H2 and 10 mol of O2 give ..... mole of water

3. No. of registered Png. in nepal

4. General er. Are categorized in ..... category

5. Which of the following is not present in reacfion diagram a. mole balance b. Stoichiometry c. Rate law d. Dispersion

6. Time of bidding notice for NCB bidding

7. Fire caused oby petroleum is classified in ..... group

8. Dimension of mass transfer coefficient

9. Match no. is the ratio of

10. Trip valve is used for

11. Transfer function of PID Controller

12. PI controller ...... offset. a) eliminate b. Reduced c. Increase

13. Consumer Protection Act is implemented on

14. Formula of Sphericity
